Enclosed you will find a plaque to commemorate this achievement with the 2022 Arizona Youth Arts Month Flag Winner. This year's Arizona Youth Art Month flag winner is Ava White from Bradshaw Mountain High School in the Humboldt Unified School District.

Youth Arts Month or YAM is a national grassroot movement to promote youth art as well as quality school visual art education programs. In the month of March, states, schools, and organizations coordinate a variety of activities and events to showcase Youth Art and to emphasize the positive influences of visual art education not found in standard core curriculum. Arizona Art Education Association, AAEA, is privileged to coordinate and provide a flag competition for the members of AAEA as well as represent Arizona on the National platform. During this yearly event, AAEA highlights members and their student's artwork locally and nationally through the AAEA events and website. Secondly, youth art and members are showcased at the National Art Education Association, NAEA, yearly events and Arizona Department of Education events giving our members and youth a chance to show how their quality art program helps support a well-rounded education. For more information about YAM and AAEA membership please visit our website at [www.azarted.org](http://www.azarted.org)
